

Vetramil® SPRAY

THE NATURAL POWER OF HONEY

Product Information

Product

Vetramil® Spray

Net Content: 0.67 fl. oz. (20 ml) / 3.38 fl. oz. (100 ml) skin nourishing spray with honey and essential oils - For use on animals

Ingredients

Propylene Glycol, Honey, Water, Polysorbate 80, Lavandula Angustifolia Herb Oil, Ocimum Basilicum Oil, Melaleuca Viridiflora Leaf Oil, Pogostemon Cablin Leaf Oil, Thymus Vulgaris Flower/Leaf Oil, Limonene, Linalool.

Recommended Use

Vetramil® Spray is suitable for all kinds of animals. Vetramil® Spray protects and soothes the skin and supports the skin's self-caring properties. Vetramil® Spray has been developed especially for dry and sensitive skin. The spray forms a protective layer, making further covering unnecessary.

Beneficial Effects

Vetramil® Spray contains enzyme-rich honey and essential oils in a finely homogenized emulsion. The spray forms a thin layer on the skin providing optimal and long-lasting protection. Vetramil® Spray contains honey with natural enzymes and has a low pH. The enzymes in the honey are purifying and are beneficial for a good skin condition. The low pH of Vetramil® Spray helps to protect the skin against external threats, the bitter taste of the essential oils prevent animals from licking the spray.

Special Precautionary Measures

Shake the bottle before use.

Directions for Use

1. If necessary, clean the skin with water and pat it dry.
2. Apply the spray to the affected area 2 or 3 times a day.

Packaging

0.67 fl. oz. (20 ml) / 3.38 fl. oz. (100 ml) in spray bottle.

Storage

Store between 39 °F / 4 °C and 86 °F / 30 °C.
